Schedule: 05 Release 63 (NCS)
ENERGY WEST MONTANA Negotiated Contract (NCS)

Available to all customers who have the ability to substitute alternative fuels for natural gas or who may have the opportunity to bypass the Great Falls Gas Company distribution system.

Customers will be charged the same Service Charges as they would under the otherwise applicable tariff.

The Company may negotiate an alternate rate per ccf by contract with the customer solely at the discretion of the Company in an effort to preserve load on its system.

A late charge of one percent (1%) per month on commercial accounts thirty days past due subject to the conditions stated in the Finding of Fact 38 in Order #5153a.

If a customer terminates service and subsequently requests renewal of service at the same address, the Company may charge the customer the monthly fixed charges not paid during the time of termination. Fixed charges can only be recovered from customers who terminate and renew service at the same address where no other customer has taken service in the interim at the address. Rates for all tariffs are based on continuing service and collection of monthly fixed charges at each service location.
