Job Description

POSITION	Gas Technician III	Salary Grade: N/A
DEPARTMENT	Construction/Operations	FLSA Status: Non-Exempt
REPORTS TO	Steve Larson	Full Time/Year Round Position

PRIMARY FUNCTION

Responsible for operation and maintenance of LNG Plant and local natural gas utility. Routine duties including repair and/or installation of service lines, locating gas lines, meter reading, leak detection, plastic pipe fusion, handling cryogenic liquids, record keeping, pipe fitting, snow plowing and blowing, some computer skills required. Position is subject to DOT drug testing and background checks. Requires at least one week a month of being on call for emergencies.

QUALIFICATIONS

Must be able to maintain operator qualifications for all covered tasks. Must possess a valid driver's license.

High school education with vocational training in gas utility or equivalent work experience acceptable to the Company. Requires a strong mechanical aptitude, troubleshooting skills, and the ability to work independently. Position is subject to DOT drug testing and background checks.

Must be legally authorized to work in the United States, no sponsorships considered. Subject to pre-employment drug testing and background checks.

COMPETENCIES

Conceptual thinking and tactical problem solving are required to manage the diverse responsibilities of this position.

Excellent understanding of customer needs and the skills and knowledge to deliver high value services.

WORKING CONDITIONS

Work Environment:

Work requires some field location where it is necessary to wear appropriate safety equipment. Work environment involves exposure to extreme weather conditions, hazardous explosive fumes, toxic chemicals, high frequency noises, high-pressure equipment, and moving machinery. Work involves climbing up and down ladders and steep stairways. Some part of the time is spent driving to work sites that can be located in isolated areas. This work environment requires the use of hard hats, safety glasses, ear protection equipment and cold weather gear.

Safety Sensitive Job:

This is considered a safety-sensitive job and, as such is subject to random drug testing as required by the U.S. Department of Transportation (D.O.T.)

This job description is not a contract nor implied to be all-inclusive. As a result duties may change from time to time. This description should be reviewed at least annually to ensure most duties are appropriately stated. The employee's signature acknowledges receipt of this description.
